*Have you ever dreamed of being a magical inventor?*

This brand-new lecture from Pavel may offer a solution. Pavel's brand-new lecture deals precisely with the subject "how to invent a new trick". It features a large range of his latest amazing creations using general props such as ropes, cards, silks, balloons, clothespins, ribbons, colored discs, bills... Not less than two dozen different effects are performed and explained.

All are clearly detailed in a brochure 100% MAGIC – 100% PAVEL. These entirely Illustrated lecture notes provide to every attendee a welcome memory aid for the large extent of the items shown and the description of all the props necessary for their realization.

If you weary of card or coin trick lectures and you are seeking an impressive and commercial stand-up stuff, you can't afford to miss this lecture. No matter what kind of magic you enjoy, you will certainly see and learn something new and completely different.

Pavel's Magic has taken him all around the World and now he's ready to share his favorite creations - and his exuberant imagination that makes it all work - with you.

Pavel is based in Geneva, Switzerland and lectures in English, French or German.

The convention will be held at:  
Louisville Marriott Downtown

Our own LMC member Dennis Alm will be our auctioneer for the June Meeting. Dennis is licensed and has conducted previous auctions for our club. Our sincere thanks go to Dennis for volunteering his time and talent to help the club and our members. You can be assured to find many great bargains !

If you have unique items to sell at the meeting Dennis has a web site where items can be posted with a picture to allow members to view what will be sold. To post items you will have to provide a digital picture and any information you have for it. These can be e-mailed to Jerry Oliver at [jerry.oliver@insightbb.com](mailto:jerry.oliver@insightbb.com).
